Reference (Use to determine how many inlets are required)

Length of hose (ft.)	Reach (sq. ft.)
30	900
35	1225
40	1600
50	2500
60	3600

* Cleaning surface is provided as a general reference only. Many other factors should be considered for the choice of a central vacuum such as carpets, allergies, pets, etc.

**WallyFlex or automatic dustpans should not be considered in the total number of inlets, but only in the total length of PVC.
